

DOPE STOLEN FROM MULLINS DRUG STORE

ONLY NARCOTICS TAKEN IN BREAK-IN HERE DURING NIGHT

Narcotics, of considerable value, were stolen some time early Thursday from Mullins drug store on the west side of the square owned by Norman L. Donelson.

The dope thief or thieves gained entrance to the store by breaking the lower half of the heavy plate glass in the front door.

From all indications, they went immediately to the prescription department, forced open a drawer containing drugs and then made their getaway. The drawer, which was looted, was left on the floor.

Mr. Donelson said a quick check revealed that only the narcotics were stolen as none of the other merchandise in the store had been touched. Even some money left in the store over night had not been bothered.

When asked how much dope had been taken, Mr. Donelson said he did not want to say until he had made a thorough inventory check.

City police said they passed by the drug store in the patrol car several times during the night and their last trip was about 4:10 a. m. They saw no signs of any activity at any time.

The thick glass in the door evidently was shattered by some metal or heavy object and it had to make some noise when it was broken.

The break-in was discovered shortly before 8 a. m. when employees of the store arrived to open up. A screen door obscured the view of the casual passerby to the damaged front door.

City, state and county officers were summoned and conducted an investigation. This group included Gene Trowbridge, fingerprint expert of the Putnamville state police post; Sheriff Joe Hollings, deputy sheriff Victor Gould, and Russell Coleman of the local police department.

TRAFFIC PROBLEM

The city officials evidently don't want to do anything about right and left hand turns off Washington street at College, Vine and Indiana streets. Even during week days cars going west on Washington street block traffic for one or two blocks when they attempt to make a left turn onto Vine or Washington streets. They have to wait until east bound traffic clears their path before making the turn, thus holding up all cars behind them. We saw this happen last night at Indiana and Washington streets. Myers Installs New Equipment

Robert Myers is announcing today the installation of modern wheel balancing equipment at the Bob Myers Auto Sales at 317 north Jackson street. The Seal Line wheel balancer eliminates guesswork and the need for road testing, said Mr. Myers, and we are pleased to announce the availability of this new service to our customers.

Mr. Myers says his firm, keeping abreast of the latest methods in wheel inspection and adjustment, uses the Schildmeier Seal Line Wheel Balancer which checks both statistically and dynamically for imperfect balance. New cars as well as old ones need periodic checking, Mr. Myers explains, because there can be flaws in any car construction that inspectors can not see. A shimmy in the wheels calls for immediate inspection. The Seal Line wheel balancer eliminates guesswork and the need for road testing.

PUTNAM BOY WINS BRAVERY HONORS IN WAR

SILVER STAR AWARDED TO CPL. EDWARD GIBSON IN KOREA

WITH THE 25TH INFANTRY DIVISION U. S. ARMY, Aug. 2.—The award of the Silver Star for gallantry in action to Cpl. Edward Gibson, Jr., Route 4, Greencastle, was announced July 19 by Major General Ira P. Swift, 25th Division commander.

Gibson received the award for outstanding service against the enemy in Seoul, Korea on June 6 while serving Company B, 35th Infantry Regiment, a part of the 25th Infantry Division.

Gibson distinguished himself when the squad he was leading came under an intense concentration of rifle and machine gun fire while attacking a strongly defended position.

Moving forward through the deadly fire and bursting grenades, he eliminated five of the enemy as he fought his way to an exposed vantage point.

After covering the advance of his automatic rifle team, he directed their fire on the enemy entrenchments to eliminate their resistance thus enabling the attack to proceed.

"Corporal Gibson's courageous leadership, determined initiative and steadfast devotion to duty," the citation read, "are in keeping with the high traditions of the United States Army."

Douglas Begins Judgeship Fight

WASHINGTON, Aug. 2.—(UP)—Sen. Paul H. Douglas, D., Ill., opened his fight today to block Senate confirmation of two presidential appointees for U. S. district judgeships in Illinois.

Douglas said he would stand on his right as a Senator to oppose President Truman's appointees in his home state. The method of appointing the men was "personally obnoxious" to him, he said.

Douglas claimed that his nominees for the judgeships were better qualified. He was supported in this claim by polls taken by the Illinois and Cook County Bar Associations.

Today's bout was expected to be hardly more than sparring. A Senate judiciary sub-committee was scheduled to take up consideration (at 10 a. m. EDT) of Joseph S. Perry as an Illinois federal district judge. Both Mr. Truman and Douglas recommended Perry's appointment, and Douglas said he would ask the subcommittee to approve the nomination.

The real fight will not start until tomorrow, when the subcommittee will consider Mr. Truman's nomination of Cornelius J. Harrington to a similar post. Douglas recommended appointment of William H. King, Jr.

On Saturday, the subcommittee will consider the President's nomination of Joseph J. Drucker. Douglas recommended Benjamin P. Epstein for the third court vacancy.

WIRE NEWS

WASHINGTON, Aug. 2.—(INS)—President Truman said today that Gen. Eisenhower is free to return to the United States in 1952 to enter the presidential campaign if he so desires.

But the President told his news conference that he believes Eisenhower wishes to remain in Europe as long as it is necessary to get the job of western European defense security done, and that he will put duty to his country above any other considerations.

Truman made it clear that he hopes Eisenhower, who he said is doing a magnificent job in European defense planning, will remain in Europe to complete the work.

WASHINGTON, Aug. 2 —

(INS) — Ex-Communist agent Hede Massing told Senate investigators today that she recruited two State Department officials for Soviet espionage work and said she and Alger Hiss agreed they "worked for the same boss."

Field has since disappeared behind the iron curtain and Duggan fell to his death from a New York building.

The witness, ex-wife of Communist Gerhard Eisler, said that the "recruiting" of the two officials occurred in late 1933 and early 1934.

Oscar Ewing's Ruling Studied

INDIANAPOLIS, Aug. 2—(UP)—State officials studied copies today of Federal Security Administrator Oscar Ewing's ruling which deprived Indiana of \$20,000,000 yearly in federal welfare matching funds.

Copies of the order were received late yesterday by Governor Schricker and State Welfare Director Maurice O. Hurt. Schricker remained silent. Arthur Campbell, his executive secretary, said the governor had not read the ruling thoroughly and was "not in a position" to comment.

The federal funds were cut off because of a 1951 law making welfare lists public. Observers believe the ruling will lead to a special session of the Indiana legislature.

Schricker vetoed the measure, warning that Indiana might lose the funds. But the measure was passed anyway.

Messages began to arrive in the governor's office shortly after Ewing announced his decision Tuesday. One, from the Indiana CIO Council, demanded an immediate, special session of the legislature to repeal the anti-secrecy clause, or appropriate the \$20,000,000 to prevent a crisis among the 75,000 to 80,000 aged.

Fishin' Fun

We have often thought about robbing the goldfish pond that is gracing the south lawn of the pump house at the water works, but it looks as though we were too slow. O. J. (Hardwater) Stewart often uses this pool to keep his fish in until he is ready to eat them. Among the specimens in the pool, was a large goldfish that had been caught in local waters, and was getting quite a bit of attention, because of its size. When Stewart attempted to show this Goldfish to a friend, he noticed it was missing. Investigation showed that a hungry Coon was the culprit.

Looking at Life

ERICH BRANDEIS
This column is being written in a foreign country. I wouldn't think of it as a foreign country except looking out of my window I see the flag of Canada on the roof of a skyscraper a block away. Out in the streets I was almost by the same makes of automobiles that almost run you down in New York, Chicago, Los Angeles, Detroit, Charlotte, Dayton or Mobile.

All over the countryside between the border and Montreal, where I am right now, you see the same 'hot dog' stands, the same motels, the same crazy drivers, as anywhere in the United States. Yet it IS a foreign country, in spite of the fact that you can stand with one foot in the United States, and the other in Canada. You realize that it is foreign because two-thirds of the people here speak French, look French, act French. Montreal is swarming with tourists—the great majority of them recognizable at once as AMERICANS. Canada, of course, IS American. But somehow, we from the "States," with our well-known conceit, think of ourselves alone as "Americans."

I think we can learn a lot from the Canadians. For one thing they seem to be more polite than we are. You notice it at the border. The customs and immigration officials are pleasant on the Canadian side. In "America" they—at least the ones I met—are grouchy, unpleasant, business-like. I talked to one of them about it on our previous trip. "Of course they are polite," he said and waved over to the other side of the border. "Why shouldn't they be? Most of our people go over there to SPEND money and bring dollars into Canada. They buy a lot of stuff over there, and then they try to cheat us out of our duty. If somebody came to your house with a lot of dough to hand

you, you'd be polite too, wouldn't you? "But if, when he left, he took some of your silverware with him, you wouldn't be so nice, would you?" I didn't argue with him. You don't argue with customs officers. Your conscience isn't always altogether clear. However, we were passed in less than five minutes and sent on our way back home. Which brings me to the point of this story. Why couldn't the relations between all peoples be as friendly and simple as they are between Canada and the United States? What difference does distance make? Ask anyone who goes to England, France, Italy about all the silly rigamarole he has to go

through. Americans spend their money over there, too. Yet they are treated like suspects and intruders by the petty little officials at the border. Excuse me please for being so poor at describing the sights of this trip. But the most interesting and important part of any trip is the PEOPLE. You can read 'about scenery in the guide books. And I have never heard of wars between mountains or lakes or buildings. Only PEOPLE who can't get along make war with each other.

CLOVERDALE
Mr. and Mrs. Roy Hadley and daughter Ruth of Indianapolis, were week end guests of Mr. and Mrs. Glen Furr and family. Little Miss Phyllis Furr is spending this week with her grandparents, Mr. and Mrs. Roy Hadley of Indianapolis. Mr. and Mrs. Sam McCoy were Sunday afternoon callers at the home of her parents, Mr. and Mrs. John Dietrich of Greencastle. Mr. and Mrs. William Jones and daughter Mary Joe, visited with Mr. and Mrs. Emery Growner from Wednesday until Sunday. Miss Doris Anderson, who has been visiting with Mrs. Dora Anderson and daughter for the past two weeks, returned to her home east of Cloverdale Sunday. Mr. and Mrs. Earl Hanford and family of Rensselaer, called at the Henry Hayes home Saturday afternoon. Mr. and Mrs. Raymond Gibson and granddaughter from Bedford were Sunday guests of Mr. and Mrs. Henry Hayes and son.

Housework Easy Without Nagging Backache
Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
